

Happy Thanksgiving

TIME

This is the favorite time of year for many people:- the approach of Thanksgiving and the Holiday Season.

TIME for reflection on the past year.

TIME to set goals and make plans for the upcoming year.

TIME to think of those less fortunate than ourselves.

TIME to look your best for family gatherings and holiday parties.

TIME to assess & correct any sun damage incurred over the hot summer months.

TIME to look for products and Gift Certificates as Holiday gifts for family members, friends & co-workers.

TIME to take care of you!

We had a great turn out at our **Open House**. Feedback from attendees was very positive. Most said that they found the evening very informative. I would like to thank our demo volunteers. It is not easy having your face injected in front of strangers, but everyone was relaxed and truly embraced the spirit of the evening. One of the unanticipated outcomes of the evening, was that little groups formed around the buffet table. Patients compared notes, talked about what treatments they had done and received reassurances on the pain scale! (It is really pretty low) Many

**Wrinkle Free Wednesday
November 16**

attendees commented that the information gave them confidence to try a treatment and I am happy to report that we have seen some new patients already.

It would be remiss of me if I did not thank our reps. for supporting the evening nor give a shout out to Angie Dalton of The Silver Pear for preparing such a wonderful spread.

There are only two more Wrinkle Free Wednesday's before the end of the year. The representative from [eltaMD](#) will be available on November 16 from 11.30am until 2.30pm for a consultation on their new skincare products. You should try the new [PM Therapy](#). Love it! We know many of you love the quality of the eltaMD sunscreen products. Give the new skincare products a try. The good news is that they are very affordable.

Winter Skincare Tips
Keeping your skin healthy and looking its best doesn't necessarily mean breaking the bank if you follow these helpful tips
Cleanse, treat and prevent. Don't let a 12-hour period go by without using some sort of treatment or product on your skin. (sunscreen counts)

Schedules

The office is closed for Thanksgiving November 24, 25 (Thurs, Fri.)

The office is closed for the Holidays on December 23,26 (Fri, Mon)

The office is closed for New Years on Dec. 30 (Fri.)

Brilliant Distinctions (Botox & Juvederm)

We participate in the [Brilliant Distinction Program](#)
If you receive Botox injections make sure you sign up and start

Use sunscreen 365 days a year. This helps prevent sun damage that could lead to wrinkles, age spots, or even skin cancer.

Get the most from your body moisturizer. In the winter, apply it to damp skin as soon as you get out of the shower to lock in the moisture.

Remember, a more expensive skin care product is not necessarily more effective. Some brands contain fragrances that may lead to skin problems.

Get the most for your hard-earned money. When choosing anti-aging products, look for ingredients such as vitamin A and Retinols.
